Course Organization

This course is organized into 15 learning modules. You can access the modules by clicking on the Modules link on the Course Menu in Blackboard. Modules will contain a combination of reading assignments, lecture videos or screencasts, links to additional readings and/or video material, and other content that will help you understand the focus of that particular module. Additionally, there will be various assessments included in each module, such as quizzes, learning activities, major assignments discussion boards and comments, video conferences, speeches, and peer and self-evaluations. Check the course schedule to see the specific assessments included in each module and specific due dates for each assessment.

Grading

You can access your grades on the Blackboard Course Menu (My Grades). Grades will be posted after the due date and after all assignments have been graded. Speech Grading Rubrics will be made available to you when speeches are assigned so that you can prepare for my assessment methods.

Your final grade will be determined as follows:

- To earn an A, you need 895 points
- To earn a B, you need 795 points
- To earn a C, you need 695 points
- To earn a D, you need 595 points
- If your point total is 594 points or less, you will earn an F

If you have questions about or are concerned about a specific grade you earned, you will need to email me or visit me in virtual office hours to discuss the grade. If you want to appeal a grade you earned on a specific assignment, you have one week after the grade has been posted in Blackboard to approach me about your questions or concerns. After one week, I will consider the matter closed. When you approach me after viewing your grade, you are expected to have revisited the assignment or speech description, the grading rubric, and the feedback provided to you by me.

Assignment Submissions

You will submit all assignments through their designated submission link in Blackboard. You are required to title your assignment files in the following format: "lastname_firstname_assignmentname.doc".

Late Work Policy

Module quizzes, learning activities, vlogs/comments, speech uploads, and peer and self-evaluations are due by 11:59pm Central Standard Time on the due date listed on the Course Schedule. Late work will not be accepted. The only exception that will be made will be for extended illnesses or a death in the family. In such instances, you must submit verifiable and official documentation to your instructor (e.g., a doctor's note indicating an extended illness or extenuating circumstance). Technological issues are not an excuse for late work. Do your assignments, quizzes and speeches early to ensure you have time for any issues that might arise.

Video Conferences where you will deliver synchronous speeches are mandatory. Because our meeting times are strictly scheduled, there is only ONE opportunity to make-up a missed speech for an EXCUSED absence. Excused absences include illness, family death, emergency, an official school trip or an official school activity, ONLY IF DOCUMENTATION IS PROVIDED. The instructor determines the date/time which is posted on your schedule.

Computer Crash

Not having a working computer or a crashed computer during the semester will not be considered as an acceptable reason for not completing course activities at a scheduled time. Note: Identify a second computer before the semester begins, that you can use when/if your personal computer crashes.

Server Problems

When the Blackboard server needs downtime for maintenance, the Blackboard administrator will post an announcement in your course informing the time and date. If the server experiences unforeseen problems your course instructor will send an email.

Lost/Corrupt/Disappeared Files

You must keep/save a copy of every project/assignment on an external disk or personal computer. In the event of any kind of failure (e.g., Blackboard server crash or virus infection, students own computer crashes, loss of files in cyberspace, etc.) or any contradictions/problems, I may/will request you to resubmit the files. In other words, if you submit a document to me, and I do not receive it (lost in cyberspace) or it is corrupted when I open it, you need to resend it to me, corrected, with little or no “downtime” in regard to the timeline for submission.

Instructors Expectations of the Student

- You will be expected to log into the Blackboard course **daily** to be aware of possible announcements/reminders and to pace your progress in the course.
- Higher institutions recommend that students plan to spend 2 hours of outside study for every 1 hour of in class time. For a 3 credit-hour, face-to-face course that means a total time investment of nine hours per week, or 135 hours per semester, in a 15-week course. Expectations for time investment are no less rigorous for online courses at SPC. According to this guideline, you should expect to invest 9 hours per week in this course, during a spring or fall semester; more in a summer course.
- Online course activities promote learning and the creation of a learning community, so they are encouraged and expected.
- Students are expected to maintain an online environment conducive to learning, which includes “netiquette” (Internet etiquette). More importantly ensure that your e-mail messages, discussion board postings, and other electronic communications are thoughtful. We will welcome diverse opinions in this course, and you are expected to demonstrate an open mind and courtesy when responding to the thoughts and ideas of others.
- Inappropriate behavior shall result in consequences ranging from a request to correct the problem, to removal from the course or even the university, depending on the severity of the behavior. Disciplinary actions will be taken according to the SPC Student Handbook.
- Note that students from other institutions are still bound by SPC policies in the course.

Student Code of Conduct Policy

Any successful learning experience requires mutual respect on the part of the student and the instructor. Neither instructor nor student should be subject to others' behavior that is rude, disruptive, intimidating, aggressive, or demeaning. Student conduct that disrupts the learning process or is deemed disrespectful or threatening shall not be tolerated and may lead to disciplinary action and/or removal from class.

Academic Honesty

It is my expectation and the institution's that appropriate citation and documentation is given for materials and information obtained from other sources. Cases of plagiarism will be treated, *as will any case of academic dishonesty*, with at least a failing grade for the assignment/examination. In addition, the student may be dropped from the course with a failing grade. *See the SPC Student Handbook for more information.*
